Unleash Personal Productivity

Bolster productivity and amplify participation

Take advantage of a minimal learning curve; Snap assist; control Teams from the taskbar; wake up the PC when you walk into your 'office'; start and adjust Focus time.

Eliminate print servers with Universal Print and enable employees to [print from anywhere on any device](#), including phones.

BETTER USER EXPERIENCE

Choose for maximum flexibility and inclusivity

Enable diverse work and BYO scenarios with Windows 365 and Azure Virtual Desktop and set policies that protect company data.

[Embrace inclusivity](#) to deliver the best experience for all your workers. Accessibility is built-in for people with disabilities, so Windows 11 is inclusive by design.

FLEXIBLE VIRTUALIZATION OPTIONS

Minimize disruption with unobtrusive IT

Enjoy reduced update size; less disruptive updates; cloud management; streamlined onboarding.

[Inform employees](#) with organizational messages directly to an operating system surface, such the desktop, lock screen, or right above the taskbar.

BETTER IT & HELP DESK EXPERIENCE

Windows visuals to delight and [focus on what matters.](#)

Effortless

Make it faster and more intuitive to do what you want with focus and precision.

Calm

A softer and decluttered system that feels warm and approachable.

Personal

Adapts seamlessly to how you use your device.

Coherent

From the OS to the apps that run on it, they work seamlessly together.

Familiar

No learning curve so you can pick it up and instantly get to work.
